

# Westminster Adult Education Service is seeking new employer partnerships

WAES is Westminster's only adult college. We work with a range of stakeholders to develop relevant and affordable high quality training programmes to meet the needs of businesses.

We embrace efforts to provide wraparound support for our community of learners. This means recognising that only by coming together in partnership and co-operation can employers, residents and providers effectively tackle the underlying structural causes of unemployment.

If your business requires more than an off-the-shelf solution, WAES can develop a bespoke training programme to meet your needs. We can also assist with any specific recruitment requirements.
